

Welcome to the AEU

World Café

... a conversation about how the AEU
can influence Tasmanian education.

As education features more and more in the political arena, it is clear that for the AEU to remain relevant to its members it will need to be proactive in the educational arena as well as the industrial. This is the case at both Federal and State levels of government. The AEU needs to participate in driving the education agenda rather than reacting to the ideas of others.

The AEU is seeking to open up a discussion about this and would like to invite interested educators to our World Cafe: "Education – Tasmania's Future". This is an

opportunity for education professionals at the grass roots level to have input into what makes for quality education in Tasmania.

The World Café is an interactive discussion process allowing for participants to explore this issue with other people during the course of the 90 minute discussion.

Come along, contribute to the future directions of your Union and engage in conversation with educators and people interested in education from a range of backgrounds while enjoying afternoon tea.

When: Wednesday 15 July 2009 | 4.00 – 5.30 pm

Venue: TBA

| RSVP: gayem@aeutas.org.au by 13 July 2009

This event is open to AEU members only.
